

PADDLESTEAMER WEDDINGS

Our Boats.
Our Location.
Our Atmosphere.
Your Perfect Day.

Bringing together the romance and beauty of the Murray River, a paddlesteamer offers a unique setting for your wedding day with an incredible sense of history.

Echuca Paddlesteamers' vessels are authentic steamers maintained and operated exactly as they were in their hey-day of the river trade.

Built in 1911, PS Pevensey is perfect for all or any part of any wedding celebration – from ceremony to reception, or simply spoiling your guests with a cruise and pre dinner drinks – we tailor to suit your needs.

PS Alexander Arbuthnot was the last steamer built on the Murray River during the riverboat trade era and is ideal for smaller, more intimate wedding celebrations.

Echuca Moama Wedding Expo 22 May 2016
Enquiries and Inspection Welcome
